### Transaction Posting Order (The order in which withdrawals and deposits are processed)

The Bank posts transactions only on Business Days. Deposits and credits are posted first, followed by specific types of debits, as generally outlined below. Fees and interest, if any, are posted last. No posting order is neutral to all parties of a transaction and understanding this fact, the bank has chosen to post items in the following order:

- ATM transactions made at foreign ATM machines by lowest to highest amount, followed by Heritage Bank ATM transactions by lowest to highest amount.
- Over the counter checks and in-person account to account transfers by lowest to highest amount.
- Telephone account to account transfers by lowest to highest amount.
- All one-time debit card transactions by lowest to highest amount, followed by recurring debit card transactions by lowest to highest amount.
- Recurring ACH, Electronic Bill Pay and Electronic Draft Checks by lowest to highest amount, followed by non-recurring items of these types by lowest to highest amount.
- Online banking account to account transfers by lowest to highest amount.
- Checks cashed over the counter or deposited in another customer's account by lowest to highest amount, if no check number, otherwise by lowest to highest check number.
- Incoming checks with no check number by lowest to highest amount, followed by checks with check numbers by lowest to highest check number.

The description above is generally how the Bank handles transaction posting order. The bank reserves the right to post in any order.
